## Magma Math a powerful learning tool

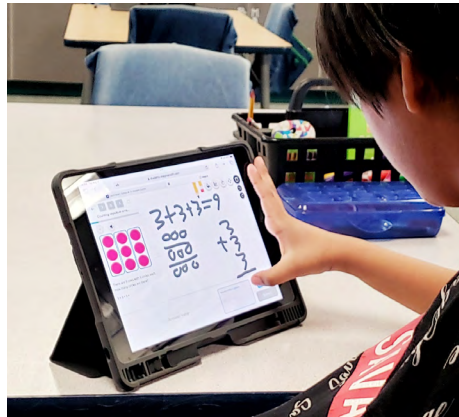

Students and teachers at Carver and across the school district have been provided a new tool to support students in math this year.

Magma Math is a platform where students can show their work, solve math problems, and submit their answers all on their iPads. While they work through their math problems, Magma Math is simultaneously recording the work they are doing on the screen and capturing it so

student and the teacher can go back to review how their thought process and check for accuracy in their work.

For the teachers, they can monitor how students are progressing on problems and quickly identify how to best meet the needs of students in real time by seeing how many attempts they take on a problem or in reviewing how they attempted to solve the problem.

Students are not only working on math problems

from our Zearn curriculum, but Magma also provides leveled questions all the way up to 12th grade that students can attempt and practice on as well.

Be sure to talk to your student(s) about this powerful new tool and how it is actually making them show their work and demonstrate their thought process.

## On Time, All Day, Every Day

**Perfect attendance program begins**

Starting October 2nd, students have the opportunity to be recognized for monthly perfect attendance at the school.

We will recognize students every month by announcing their names and celebrating them in our school.

If a class is able to have six days of perfect attendance, where no one class is late and everyone is present, they will

qualify for a class party.

Currently, Carver has one of the highest percentages of students absences in our district. And we simply cannot afford to lose a second of instructional time for our students.

Please do your best to support your students for being on time to school and being present every day.

## Every Second Counts!

Our kinder COBRAS checked out books for the first time this school year because we know reading is critical to their success and we do not want to waste a second for students to fall in love with books!

## OCTOBER Calendar

5 - Fifth grade soccer tournament

6th - 9th - Fall Break

10th - 13th Parent Teacher Conferences

12th - PTO meeting

17th - School Picture Day

26th - Fall Planting - Carver Gardens

26th - Fall Festival - West Parking Lot

## COBRAS are CARING

Congratulations to our winners of the CARING Award:

Kindergarten	2nd Grade	4th Grade
Eleanor G.	Kaeden P.	Dominic A.
Liam T.	Yeshua M.	Zaira M.
Miguel A. M.	Laylah M-R.	Randi P.
Eloy G.	Caroleena A.	Fernando F-F.
Arian N.	Felipe L.	Julian M-G.
Kathia S.	Regina B. B.	Adelina V.
1st Grade	3rd Grade	5th Grade
Annarose W.	Emily M.	Briana B.
Jose R.	Nicolas S.	Jorge M.
Julian R. M.	Hanna J.	Jonathan F-F.
Francesca B.	Maya F.	Allison A.
Gunner C.	Andrew V.	
Mateo E.
